EDUCATION

University of Texas at Arlington | B.S. in Computer Science (in progress)
Arlington, TX | Aug 2024 – Present (Expected 2028)

TECHNICAL SKILLS

Languages: Java, C, C++, Python, Kotlin, TypeScript
Frameworks & Platforms: React, JavaFX, Android, FastAPI, Firebase
Tools & Databases: Git, GitHub, Linux, WSL, GNU Make, GDB, SQLite, Raspberry Pi, Docker

PROJECTS

Crock Security | Raspberry Pi Security Camera System - Fall 26

React, TypeScript, Vite, Firebase, FastAPI, Raspberry Pi, Tailscale, FFmpeg, MediaMTX

- Developed React and TypeScript administration interfaces for camera management, users, events, and system monitoring.
- Configured Raspberry Pi camera capture and streaming using FFmpeg, and assisted with MediaMTX media server setup.
- Contributed to frontend integration with Firebase authentication and FastAPI services for a working live-streaming security camera system.

Auction6 | Android Auction Marketplace - Spring 26

Kotlin, SQLite, Android

- Developed an Android auction marketplace using **Kotlin** and **SQLite**, supporting user authentication, role-based access, and email verification.
- Designed relational database structures for **users, listings, bids, and transactions**, implementing auction-based bidding and listing management.
- Collaborated in an **Agile team** to develop, test, and deliver the application through iterative **development cycles**.

GeetarMate | Guitar Practice Desktop Application

Java, JavaFX

- Created an early JavaFX prototype for a guitar practice desktop app, exploring a modular interface for practice and reference tools.

EXPERIENCE

T-Mobile | Mobile Expert | Grand Prairie, TX

Jul 2025 – Present

- Recognized by the store team for strong sales and a team leader performance during October–December 2025.
- Troubleshoot mobile-device issues and explain technical solutions to customers in a fast-paced retail environment.

Celebration Cinema, Benton Harbor, MI - *Usher/Ticketmaster - 07/2022-11/2022*

- Managed ticketing operations, customer inquiries, and issue resolution in a fast-paced environment
